## HIS NEW MOTHER

Society Women Apply to Succeed Parent He Killed.

Boy Slayer Wants One With Big Motor Car.

### DUBIOUS OF UPLIFT PLAN

Lad Shows Little Sign of Regret for Crime.

Club Women Called Into Conference on Official Plan.

New Orleans, La., Sept. 27.—An "official" mother will take the place of the mother of little Willie Zimmer, he shot to death last July when she tried to beat him. This was the probable disposition of the boy's case. Chandler C. Lutzberg, district attorney, who has been in accord with all plans suggested by the club women and children of the Crescent City said today he thought the "official" mother idea would be carried out. Judge Joshua Baker of the criminal court of correction and Judge Andrew H. Wilson of the juvenile court, will hold a conference. It is planned to have several club women attend and aid in making definite plans for the "official" mother. It is possible that the "official" mother will be selected at this time. Just who will draw the assignment, there was no hint but at least ten socially prominent New Orleans women have asked to take the place of Mrs. Zimmer.

He'll Be Good to New Mother.

The Zimmer lad has lost some of his skinkiness. The notoriety and attention that has been thrust upon him has brought about a certain degree of dignity. Willie was busy looking thru a motion picture magazine today when told of the "official" mother plan.

You can't have another mother when your regular mother is dead," he said. "A fellow has only one mother. And I killed mine."

He seemed little affected when he spoke of the mother he killed with two shots as she raised a broom stick to chastise him for offending her.

"Will you be good to your next mother," he was asked.

"Certainly I will," he replied without looking up from the magazine. "But say, will she have an automobile? I think I'd like to ride in one of those motor cars these ladies have been telling me about."

Stolen Ones, Only Auto Rides.

He told his questioners he had been longing for a "regular auto ride" all his life.

"My only ride," he continued, "have been stolen on the back of big trucks."

Then he launched into general discussion of motion pictures. Although he said he has not seen a "movie" for years he spoke of all the latest pictures and cash prizes.

He said Mary Pickford was his favorite film star and he hoped he could see her perform on the screen when he got his new mother.

They Live Cheaply

Russian Family Spent Only \$3.10 in Two Weeks for Food.

The frugality of a foreign born woman came to the attention of the city board of health today. The total cost of living for a Russian widow with five children in North Topeka was \$3.10 for two weeks. Billie Fors, film star, received today and passed upon with an unusual amount of fervor by Dr. J. L. Clark, city physician.

Two weeks ago one of the children became afflicted with scarlet fever, necessitating quarantine for the entire family and forcing the mother from work. The mother took up the burden of the support of the family.

Each morning the widow purchased a quart of milk. Her own garden supplied potatoes. Twenty-five cents worth of meat was purchased twice, onions a few times, coffee and a half sack of flour, sugar and a few such articles made up most of the items on the bill presented to the city. In nearly all charity cases foreign families live almost twice as frugally as American families.

Cockroaches Should Be Killed

At the first sign of the repulsive cockroach or waterbug, get a box of the genuine Stearns' Electric Rat and Roach Paste and use it according to directions and in the morning you can sweep up a painful of dead cockroaches.

Does not blow into food like powders. Ready to use. Directions in 15 languages.

U. S. Government buys it. Sold everywhere. 25c and \$1.00. Stearns' Electric Paste Co., Chicago, Ill. Advertisement.

From blithely approving a rather course comedy the movie censor board Tuesday afternoon condemned a serious movie-drama on high control, entitled "Where Are My Children?"

Although there was not an atom of "solid vice" exposed and there was a depressing picture of the evils of the doctrine now receiving much discussion in the east, the picture was unanimously condemned by the board as "unwholesome."

The picture was shown in the presence of some forty Topeka club women, the consensus of whose opinion was that the picture should have been allowed to pass.

While racing east of Topeka, with the Union Pacific passenger train due here from Kansas City at 6:30 o'clock Wednesday night, a motor car carrying James J. O'Hara and Ray J. Patterson, both of Kansas City, plunged into a ditch hurling the two occupants several feet from the wrecked motor.

The train was stopped and the two men were brought to Topeka. O'Hara had a fractured knee and Patterson a dislocated shoulder, according to physicians. The accident occurred near Newman, Dr. J. L. Lutzberg, of Alton, Kan., gave the two men emergency treatment while they were on the train en route to Topeka.

Thunder storms are rare in San Francisco than in any other part of the United States.

## SNAP SHOTS AT HOME NEWS

I hear you talk of the good you'd do, if you had the wealth of kings; And if you had plenty of money, you say, You'd do such a lot of things; And if you had the talent, You'd be so glad to do The things for others' pleasure That they have done for you. If it is a mighty good word to use, If you use it as you should, So let you see the talents you have, You can do just heaps of good.

City Commissioner W. L. Porter is a Manhattan visitor.

Sharp lightning accompanied the rain storm Tuesday night.

There are four people in Topeka with the name of Lewis, each with only one arm.

Mayor Jay E. House plans a trip to Canton, Ohio, after the "Missus." He will leave in a few days.

George Standfield, recently shot a glossy ibis, one of the rarest of Kansas birds. It is to be mounted by O. W. Bronson.

The well the fair grounds, which caused considerable complaint, has been cleaned and fumigated by order of the city health department.

Albert H. Winter, city clerk, says she will take a picture of the new born colored baby with two teeth if someone will furnish a camera.

W. G. Crockett, Topeka, Mo., was fined \$10 in police court late Tuesday afternoon on a charge of using another man's license tag on his car.

Commissioner W. H. Wasson, who has been confined to his home with hay fever, is much improved and expects to be in his office at the city hall tomorrow.

"We strive to please the ladies." That's why a long counter somewhat resembling a bar has been removed from the office of the court of Topeka and replaced by a desk and table.

E. E. Brookens, state organizer of the college Hughes campaign, with George T. McDermott, Topeka lawyer, will go to Lawrence this evening for the organization of a Hughes club at Kansas university.

Albion H. Winter, an instructor in the manual training department of the Topeka high school has been elected as the representative of the Topeka high school on the executive council of the Topeka teachers' association.

Two big elm trees near the Stevens residence on the corner of Eleventh and Jefferson streets were shattered by lightning early this morning. The bolt sprang from one tree, leaped over another and badly splintered the third.

Charles E. Eldridge and Charles F. Hardy will deliver addresses at the state convention of the Kansas credit men at Wichita, October 11. Both men will talk on standard building construction and other fire prevention methods.

Mrs. Lucy Rhoads was bound over to the district court by Judge Hugh Fisher in the court of Topeka Tuesday afternoon on a charge of an attack with a hammer on Mrs. William Miller, the woman who lives next door to her in Rossville.

The Ell Ulm department store will conduct its business on a strictly cash basis. The store has increased the operating cost, the high cost of living and the rising price of raw materials, it is announced. The change will go into effect October 1.

Clinton H. Montgomery, who is examining the books of the Wichita Railroad & Light company, is in Topeka this week.

A meeting of the Ladies Aid society of the Lowman Hill Methodist Episcopal church was held Wednesday afternoon at 2:30 o'clock in the home of Mrs. F. R. Scudder, 1010 Broadway street.

Mrs. C. W. Reed, Mrs. A. E. Woodworth and Mrs. J. J. Henderson assisted in entertaining the society.

Bank car pilferage from practically all neighborhoods and towns in Shawnee county will attend the Henry D. Estabrook meeting to be held in the Auditorium Saturday afternoon, according to advices received by John T. Chaney, vice chairman of the Shawnee county central Republican committee.

Estabrook is a prominent Nebraska politician.

The last weekly weather and crop bulletin for this season issued by the weather bureau is published by the State Journal today. The bulletins will be resumed in the first week of April. On the first of October the daily report on temperature and precipitation will be changed for the winter, the detailed Kansas report being discontinued temporarily.

W. H. A. Fusch, 1630 East Third street, has left on a trip to Chicago to attend the twentieth annual convention of the American Naturopathic association, which will be in session September 28, 29 and 30, with headquarters at the Sherman hotel, Randolph and Clark streets, Chicago, Ill.

Mr. Fusch is secretary and treasurer of the Kansas Society of Naturopaths and will represent the Kansas society at the convention.

Prof. Edison Pettit, director of the Washburn observatory, will lecture before the academy of science at the Memorial building tonight at 8 o'clock on the "Outlines of Cosmic Evolution."

This is the second number of the series given under the auspices of the Kansas academy of science. No charge is made for the series and all students and lovers of science are invited to be the academy's guests.

## TO R. R. RESCUE

Bankers Want Federal Regulation to Supersede State.

Present Confusion Handicaps Lines, Scars Investors.

### DO AWAY WITH GREENBACKS

Bankers Would Retire Them for Reserve Currency.

Convention Guests See Horse Show at Long Estate.

Kansas City, Sept. 27.—Congressional legislation in regard to railroads which would make federal control superior to that of the states, was asked in resolutions adopted and announced today by the Savings bank section of the American Bankers' association in annual convention here.

The resolutions declared that railroad improvements had been arrested because of the "costly conflicts arising between the various state and congressional rulings" in the supervision of the railroads.

"Less new mileage was built last year than in one-half a century, with more lines in bankruptcy than at any time in the history of the country," the resolution set forth. This was said to be due, "in a large measure to the impairment of railroad growth because of investment hesitancy which has resulted in consequence of the confusion, waste and inefficiency of railroad supervision by congress and at the same time by forty-eight states."

Savings Banks Hold Interest.

The savings banks of the country are declared to hold more than \$900,000,000 in railroad stocks, which represents the deposits of more than 10,000,000 persons.

Congress is asked in the resolutions to hear the committee from the savings banks section before adopting any railroad legislation. Officers elected by the state secretaries' section were: Major S. B. Rankin, Columbus, O., president; F. H. Colburn, San Francisco, first vice president; George D. Bartlett, Milwaukee, second vice president, and E. A. Philpot, Dallas, secretary and treasurer.

Would Retire Greenbacks.

Other national legislation was asked for in the resolutions adopted by the national bank section. This included the passage of laws retiring greenbacks and national bank currency and making burglaries against national banks a federal offense. The officers elected by this section were Joseph F. Calfee, St. Louis, president; J. Elwood Cox, High Point, N. C., vice president, and Jerome Thralls, New York, secretary.

The section meetings were the only business before the bankers today and following the morning meeting many of the visitors were taken to the couples-home of R. A. Long where they were to view a horse show exhibit from the stables of Mrs. Louis Long. Others went to the city's country clubs where the bankers' golf tournament was being held.

More Than 4,000 Registered.

Bankers continued to arrive in Kansas City in large numbers today and following the morning meeting many of the visitors were taken to the couples-home of R. A. Long where they were to view a horse show exhibit from the stables of Mrs. Louis Long. Others went to the city's country clubs where the bankers' golf tournament was being held.

Urged Adoption of New System.

Kansas City, Mo., Sept. 27.—Recommendations for changes in the national banking system of the currency, and to be made here at the annual convention of the American Bankers' association, which is now in session here, were expected to come up before the national bank section, following last night's meeting, which was addressed by John Skellington, president of the association.

The discussion was to embrace an immediate retirement of greenbacks and a gradual withdrawal of national bank notes in favor of the more reserve currency, return to members of the reserve system of part of their subscriptions and making membership in it optional, for banks with a surplus of less than \$100,000. These and other similar subjects to be considered were declared to be among the most important to come before the convention.

Long's Long Puts on Show.

The program for today also called for a trip for the bankers to the country home of R. A. Long, in rural Jackson county, where a horse show will be held for them this afternoon. The string of harness horses and saddlers owned by Mrs. Louis Long, R. A. Long's daughter, that has won honors at horse shows throughout the United States, will be exhibited on the private track at Mr. Long's estate.

Nearly a thousand motor cars were obtained by local committees in which to convey the convention visitors to the farm, about twenty miles southeast of Kansas City.

Bankers Aid to Lift Censorship.

New York, Sept. 27.—Agents of American banks in London will be appointed members of a committee with headquarters in that city to co-operate with a committee of American bankers in an attempt to alleviate the British censorship of American mail and the British blacklist, says A. Barton Hepburn who acted as host at the luncheon and conference here of New York bankers with Sir Richard Crawford, trade representative of the British embassy at Washington.

The British censorship of the government office in London to curtail the delay now caused by the censoring of American business and banking mail.

Blew Postoffice Safe.

Bennington Citizens Thought Explosion Was Shooting by Cowboys.

Salina, Kan., Sept. 27.—The safe in the postoffice at Bennington, a small town fifteen miles north of here was blown up early today and \$19 in cash and stamps taken. Nearby residents who heard the explosion did not investigate as they said they thought the noise to have been shot fired by cowboys.

Because red is the color least easily distinguished by color blind persons experts have allocated it to all disks with wide yellow flims for danger signals.

## N. Y. EXPORTS DOUBLE

Imports at N. Y. Harbor Also Show Remarkable Increase.

New York, Sept. 27.—Exports from the port of New York for August, 1916, totaled \$271,357,662 as compared with \$141,271,554 for the same month in 1915, according to a compilation issued today at the customs house.

Imports entered for consumption without duty amounted to \$60,332,772 while imports entered for consumption dutiable were \$21,323,395 as compared with \$45,086,777 entered free and \$21,684,132 entered dutiable during the same month last year.

## MORE GUARDS GO

Organizations of 14 States Ordered to Border.

Funston Instructed to Send Back 10,000 to States.

Washington, Sept. 27.—Some six thousand national guardsmen from thirteen states and the District of Columbia were ordered to the Mexican border today by the war department, and at the same time Major General Funston was directed to select ten thousand troops now on the border patrol for return to their home states to be mustered out of the federal service.

Today's order will send south virtually all of the guardsmen now in the mobilization camps of the states named and will leave only about 10,000 troops in all the country that have not seen service on the border. Within a short time the remainder probably will be ordered out, releasing more of the organizations now under General Funston's command. The gradual return and mustering out of all the guardsmen then is expected to begin.

Guardsmen from New Hampshire, Pennsylvania, New Jersey, District of Columbia, Virginia, New York, Alabama, Georgia, Connecticut, Florida, Michigan, Minnesota, Colorado and California were ordered to the Mexican border.

Battery A, field artillery, Maryland, it was announced will be returned to the state mobilization camp and mustered out of the federal service today.

The organizations ordered south today include:

Field artillery—Battery A, New Hampshire; battery C, New Jersey.

Third Pennsylvania regiment; battery A, District of Columbia; First battalion and battery C, Virginia; Third New York regiment; batteries A and B, Alabama; First battalion, Georgia; batteries E and F, Connecticut; batteries A and B, Colorado; Minnesota, and batteries B and C, Colorado.

Infantry—Second Florida regiment and Third District of Columbia regiment.

Cavalry—Troop A, District of Columbia.

Engineers—Company A, California.

INDICT BANK HEAD

Charged with Murder of State Bank Commissioner.

Waco, Sept. 27.—An indictment was returned here today by a grand jury against T. R. Watson, president of the Farmers and Merchants State bank of Teague, Texas, charging him with the murder of John S. Patterson, state commissioner of banking and insurance, recently when he entered the bank at Teague.

Do U' no that Spohn buys the best coal money can buy?

Do U' no that a poor man can buy from me one ton of coal at the same rate that a rich man can buy 20 tons?

Do U' no that every family in Topeka should have at least

one ton of coal in their bin right now?

Do U' no that a little later all the coal dealers in Topeka can not keep up with their orders.

Do U' no that there is a car shortage and coal will be higher and not lower?
